

## Battleship Oklahoma and What Her Guns Can Do

THE United States warship Oklahoma of the Pacific fleet is seen here firing a salvo from her 14-inch guns. Below is shown her target riddled by shot. The range was 10 miles.

## STUDEBAKER BIG SIX SPECIAL SEDAN HERE

A motor car that has been accorded the lion's share of attention at recent closed car shows throughout the country is the Studebaker Big-Six Sedan (Special). Striking in appearance and complete down to the last detail, it carries an air of elegance that is irresistible.

The beauty of this Big-Six Sedan is enhanced by such touches as the hand-

some nickel-plated radiator shell, motor and ornamental radiator cap. Other features of beauty, utility and completeness are the nickel-plated bumpers front and rear; automatic windshield cleaner; rear-view mirror; the spacious trunk (with dust proof cover) at the rear, which is easily accessible because the two extra disc wheels (complete with tires and tubes) are carried on the front fenders.

Among further features of comfort and convenience are: the heater; thief-proof transmission lock; ventilator in cowl; massive headlights; artistic side coach lamps; courtesy light on

the driver's side; opalescent dome light and corner reading lights; automatic window regulators; silk roller curtains; three-piece rain-vision windshield; jeweled eight-day clock; door locks and door pockets.

The Big-Six Sedan (special) is equipped so as to be equally adaptable for year-round service in town or cross-country touring.

Upholstery is of rich mohair velvet plush with floor carpets, top lining and trimmings to match. Maximum riding comfort is provided by the nine-inch deep cushions and the long semi-elliptic springs, 56 inches in the rear and 38 inches in front. The liberal interior dimensions assure ample room for seven passengers with the two auxiliary seats in use.

This distinctive sedan body is noted for its sturdy construction. It is mounted upon the 60-horsepower Studebaker Big-Six chassis which has gained world-wide recognition for reliability and all-round performance.

## WILL OUTCLASS PREVIOUS SHOWS

A series of notable attractions, outclassing in excitement and wonder all previous exhibitions, will feature the 1923 state fair to be held at Phoenix during the week of October 30.

Horse racing, automobile racing, cowboy sports, and aviation stunts are the headliners of the amusement program.

Monday, the opening day of the fair, will be featured by a road race, from the Arizona state line east of Douglas to the fairgrounds, for a purse of \$6,000. This competition is limited to Arizona drivers and cars. On Saturday the entire afternoon will be devoted to automobile speed contests on the mile track, said to be the fastest dirt track in America. Six thousand dollars in gold will be divided among the winners of these contests.

Doc Pardee of Prescott, and Cheyenne Kiser of Phoenix, both well known cowboy sportsmen will conduct the rodeo this year and give assurance of the best program of bull dogging, calf roping, steer riding, broncho busting, and wild horse racing ever staged in Arizona. A total of \$7,500 has been hung up as prizes.

All harness races have been eliminated this year with the idea, however, of emphasizing the running races in which a number of Arizona-bred horses will contest for prizes aggregating \$7,500.

## Off the Throne Second Time

KING CONSTANTINE of Greece was forced to abdicate the first time by the allies, because of his policy during the World War. When the war ended, the Greeks put him back on the throne. Then he engaged in a conflict with Turkey, concerning the Greeks' and Turks' conflicting territorial claims. The Turks won. This has compelled him to get off the throne a second time, on this occasion at the demand of the people themselves.

Mark Campbell, ace of aerial dare-devils, with the aid of Miss Gladys Roy, woman parachute champion of the world, and Frank Clarke, the "Wild Man" of the movies, are under contract to produce a program of aerial thrills the like of which has never been witnessed before in this state.

A new device, consisting of conductor wires submerged in the channels of New York Harbor, enables liners to guide themselves safely through to port. Sensitive wires slung over the vessel's side and trailed below the surface, serve to communicate a buzzing sound to the bridge when the vessel is safely in mid-channel.

Motion picture men were denied permission to film the interior of the Canadian House of Commons because it was felt that such a procedure would not be in keeping with the dignity of Parliament.

Cities of the ancient Philistines are being excavated by a prominent British archeologist in the belief that many mysteries of this very old race will come to light. The cities of Ascalon and Gaza are now being worked and the "tells", or artificially formed hills near these cities, will undoubtedly reveal information as to the race history of the peoples who inhabited this district before Moses. For three thousand years nothing is known of the history of the Philistines. Ruins of Greek and Roman buildings, constructed at a later date, will have to be unearthed before reaching the cities of the Philistines.

Japan has a "Yellow Menace" as well as California and other Pacific coast states. During and after the war boom, Japanese employers imported coolies and operatives from Korea and China to work in their tex-

tile mills, mines and smelters. Now the native Japanese workers consider the presence of this alien labor a grievance and their attitude toward these invaders is the same as the attitude of white labor on the Pacific coast toward the Japanese. Because of the California question the Japanese find it difficult to handle this matter as the cases are considered identical.

The total mortgage debt on owned homes and farms in Indiana is \$227,152,105. The total value of these mortgaged homes and farms is \$760,128,279. The mortgage debt thus represents nearly 30 per cent of the total value. This is in accordance with the census of 1920.

More than \$15,000,000 is collected annually by professional alms-seekers in Greater New York.

# This is a Democratic Year

So why should you cast your ballot for a party that has not made good in the four years it has had control of the government. The democrats of the Nation, State and County offer to the voters the best men of its citizenry for their suffrage. It was the democratic party that gave the country the

## Parcel Post, The Federal Banking Law

And every other measure that made the country secure during its time of greatest need. If for no other reason than the putting into effect of the Federal Banking system the democratic party is entitled to the votes of the people.

Under the administration of Governor Hunt the taxable values of Arizona property was increased from \$90,000,000 to \$800,000,000. Does that not bespeak confidence and business ability. What have the Republicans to show for their administration? A decreased tax roll and a higher tax levy.

Under a democratic administration of affairs Mohave county has become one of the most important counties in the state, its taxable property increasing from \$1,500,000 to \$23,000,000 in ten years. Under the same administration it built good roads, public buildings and other improvements, that has been the means of attracting millions of capital.
